The ball-point pens in this catalogue can be personalized through screen or tampon printing. We can accept your text or logo in vector-image format (pdf, eps, ai or cdr), on the standard of which, we will create the artwork within 24 hours. You can choose from standard (no minimum order quantity required) or additional (minimum order quantity of 5000 pcs) colours.

After your acceptance of the artwork, we will make the pens:

- in one week, if in standard colour, with a maximum of 3.000 pcs ordered
- in 2 weeks, if in standard colour, with a maximum of 15.000 pcs ordered
- according to an individual agreement, if in either standard or additional colours, with the order quantity exceeding 15.000 pcs.

 *All models are high quality products, manufactured in Europe. The plastic parts are made from ABS. The metal parts from stainless steel. We use Dokumental ink from Germany. All ballpens can be assembled with X-2o or with Jumbo refills in any standard colours, which are produced according to DIN 12757. To your request, we can manufacture products from recycled plastic, as we have the adequate technology for that.*
